# UCT COLLECTIVE INVESTMENT SCHEMES (CIS) SHORT COURSE

## COURSE BROCHURE

## **1. THE PURPOSE OF THE COURSE AND ENTRY REQUIREMENTS**

The CIS Short Course (previously called the CIS Bootcamp) was borne out of the very successful IMACS (Investment Management Administration Client Services) Bootcamp which specialised in the investment administration and trading environment but there was still a need to provide a similar course geared for the CIS industry which has its own characteristics and business practices.

It was designed in collaboration with a group of industry professionals in order to support staff working in the CIS industry by broadening their understanding of not only their products and market developments but also their own organisations. We believe it also contributes towards service delivery because delegates better understand their clients and industry needs. As with previous courses, delegates from multiple companies and various roles attend the course and, in line with the Academy vision, the majority of the sessions are presented by industry practitioners resulting in a richer learning experience.

The short course format has proved to be very successful, and demand has grown substantially. The Academy regularly runs its short courses in Cape Town and Johannesburg.

## **2. THE ASISA ACADEMY IN PARTNERSHIP WITH SOUTH AFRICAN UNIVERSITIES**

Since 2010 the Academy has been working in partnership with TSiBA Education to pioneer an investment administration stream for students at undergraduate level. Through this successful partnership we have seen the benefit of an independent industry body working with a university to ensure that curricula are relevant and that a pipeline of work-ready graduates is being developed for industry employers. Further partnerships have evolved with a number of other universities including UCT and UJ.

In 2013 UCT officially endorsed four of the Academy's existing Bootcamps and Programmes as UCT Short Courses which, from 2014, the Academy has run as official non-credit bearing UCT short courses: Delegates on each of these courses will need to pass the assessments to be awarded the UCT graduate certificate. The number and complexity of the assessments varies depending on the course.

### 3. ACADEMY VISION & CONTEXT

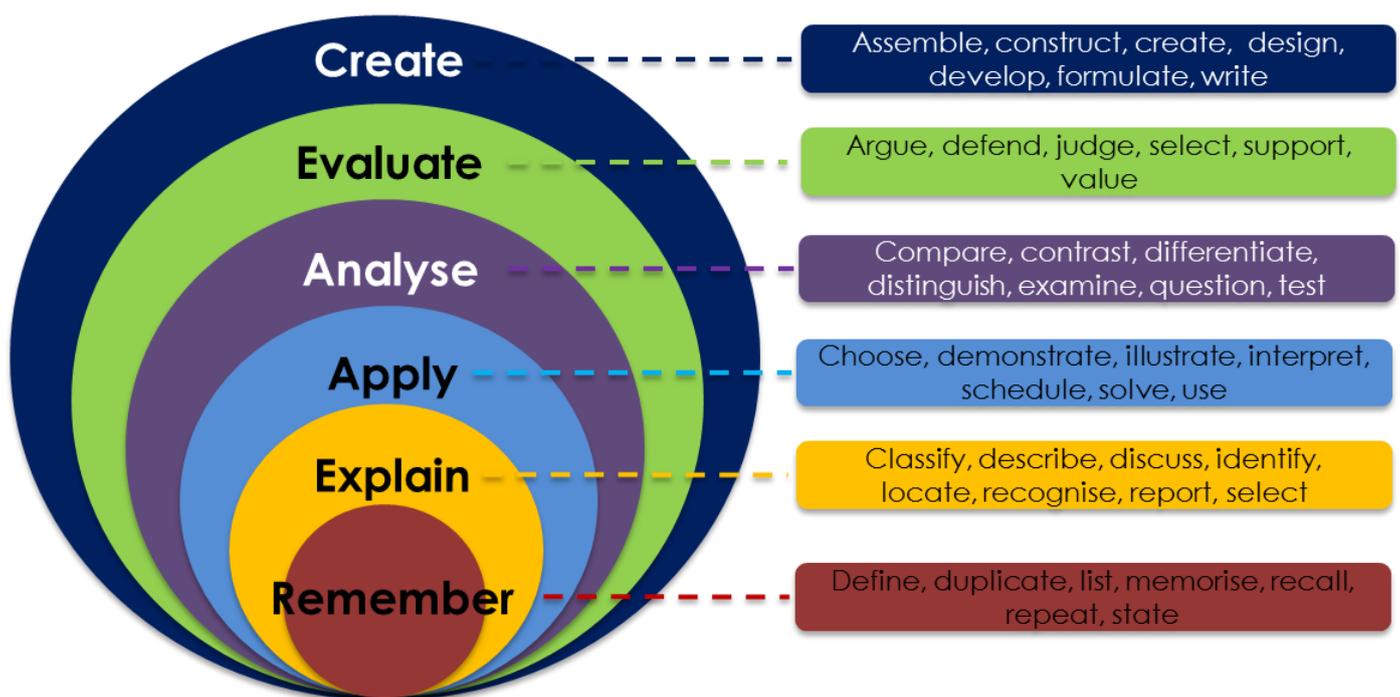

The ASISA Academy creates and delivers high quality solutions to meet the skills development needs of South African Savings, Life Assurance and Investment Management organisations. Our learning solutions are informed by and responsive to industry realities and delivered in an academically sound and practitioner-led manner.

The Academy resulted from the need for a fresh approach to developing savings and investment management skills and achieving broader, more rapid transformation of the industry. The intention is take delegates' learning beyond that of their tertiary studies using an approach that responds to industry realities and is delivered by industry experts in an academically sound manner.

More than 5,300 people in the Southern African financial services sector have learned with the ASISA Academy since 2008 with over 450 industry presenters keeping the learning rooted in reality. The Academy has a Level 2 B-BBEE rating.

### 4. ACTIVE LEARNING

We work hard at the ASISA Academy to ensure every learning experience is as interactive as possible. To achieve this we draw on the expertise of some of the most experienced and specialised professionals in the industry and we limit the size of our groups. The following diagram captures the Academy approach to learning. We aim to achieve the bulk of our learning in the biggest circles. Delegates will be required to bring a laptop or tablet in order to make full use of the online learning environment during the sessions.

## 5. COURSE LEARNING OUTCOMES

The following pages summarise each Learning Area and the Learning Outcomes covered during the course.

### Module One – The Financial Services Landscape

This module focuses on providing an overview of the Financial Services industry and, more particularly, the Collective Investment Schemes industry to enable delegates to contextualise their working and learning experience.

## Module Six – Engagement Skills

This module focuses on the skills for engaging in the workplace that need to be practically applied and demonstrated by the participants. The majority of the delivery activities used will be integrated into the delivery of the outcomes in the preceding modules.

Learning Area	Learning Outcomes - By the end of the course successful delegates will be able to...
Working smarter	<ul style="list-style-type: none"> <li>Demonstrate working efficiency and productivity</li> </ul>
Ethics and Professionalism	<ul style="list-style-type: none"> <li>Contrast ethics with a code of conduct.</li> <li>Describe typical ethical dilemmas in the industry and strategies for managing them (e.g. giving and receiving of gifts, incentive schemes, brokers replacing existing cover for less expensive new cover).</li> <li>Define conflicts of interest; client vs firm, firm vs self.</li> <li>Discuss professionalism in the industry.</li> </ul>

## 6. FEEDBACK FROM PAST CANDIDATES

Some comments from past Academy delegates about their experiences on our courses:

- “Today's session meant that I could consolidate everything that I had learnt over the days of the course. It has been very valuable. I am very excited about the knowledge I have gained. Great course!”

- “Overall it was definitely encouraging and I learnt new things once again. The course was good, and in my opinion it would be a great tool for all our staff members”.

- “What an excellent day! Learnt a tremendous amount from the brilliant speakers today. Could easily spend a day with each of them”.
- “Great lecturers from the industry that has a wealth of knowledge to share. Thoroughly enjoyed it!”
- “In a nutshell, the investment industry summed up in a week and getting top industry professionals to simplify complexity in our working environment was one of the most fulfilling things in my career, and am ready to apply all the concepts learned, from Excel to self-management and through to compliance to add value and simplify my life, most of all and those that I work with, and continue to question status quo”.
- “The program has broadened my perspective in terms of the actual industry - I am learning so much. It has been a great experience so far”.
- “Programme is fantastic, makes you apply your mind especially to the things you know but are ignorant of”.
- “It has been very valuable. I am very excited about the knowledge I have gained. Great course!”
- “The course was highly beneficial to me as a newbie in this industry. I would recommend that everyone who is unfamiliar with the big picture of the investment world do the course. Really great experience.”
