EQUITY ANALYSTS' BOOTCAMP

A QCTO-accredited learning provider

WHAT IS THE COURSE ABOUT?

The purpose of the course is to provide new equity analysts with a practical experience in building an equity model and applying various valuation tools. Participants will receive an overview of investment styles and philosophies and see the bigger picture of the financial services industry in SA. The course is highly practical in nature with hands-on experience in using Excel and other tools effectively to build a valuation model for a company. In addition to this, analysts' interview skills will be honed through expert advice on engaging company management.

WHO IS IT FOR?

The programme is aimed at new analysts entering the industry who have the necessary tertiary qualifications but have limited experience in building models and valuing companies in the workplace. Delegates should have a reasonable knowledge of accounting – the equivalent of 1-2 years of university level accounting.
