

IN PROUD
PARTNERSHIP
WITH

ASISA

ACADEMY

A QCTO-accredited learning provider

WHAT IS THE COURSE ABOUT?

The ASISA Academy in partnership with TSiBA Education, a Cape-based private university, offers you a unique opportunity to tap into TSiBA graduates who have been exposed to the realities of the investment administration industry for a year as undergraduate students. Companies will select students and then sponsor their participation on a one year ASISA Academy work readiness course prior to the students commencing their five-month internships with their sponsors. The programme has been designed by the industry and draws heavily on the expertise of multiple industry practitioners who present on their specialist topics.

WHO IS IT FOR?

The programme will be run for a select group of high performing TSiBA students during the final eighteen months of their Bachelor of Business Administration Degree. This is an ideal opportunity for employers to assess the potential of talented, work-ready students who have a practical understanding of the investment administration environment and its systems.

WHEN AND WHERE DOES IT TAKE PLACE?
